

Ridley

Agriproducts

Case Study

Ridley Agriproducts proudly stands as an Australian owned company and is the country's largest commercial provider of high performance animal nutrition solutions. Ridley Agriproducts 20 sites across Australia produce in the vicinity of 2.0 million tonnes a year of finished feeds and feed ingredients based on Australian grown cereal grains.

These feeds improve the health, wellbeing and performance of animals in Australia's dairy, poultry, pig, beef, horse, sheep, laboratory research, pet food and aquaculture industries.

Brief

Bowen Storage has been providing warehouse solutions for Ridley Agriproducts for many years, starting in Lara Victoria, and then supporting warehouse facilities in Pakenham, Terang and Bendigo.

With continued growth and changing inventory, we continue to work with Ridley for warehouse design and layout improvements across their facilities to increase stock holdings and streamlining of their product handling requirements to increase efficiencies.

Brisbane Office
4 Trade Street, Lytton QLD 4178

Solution

Our team of storage experts has continued to provide Ridley Agriproducts with:

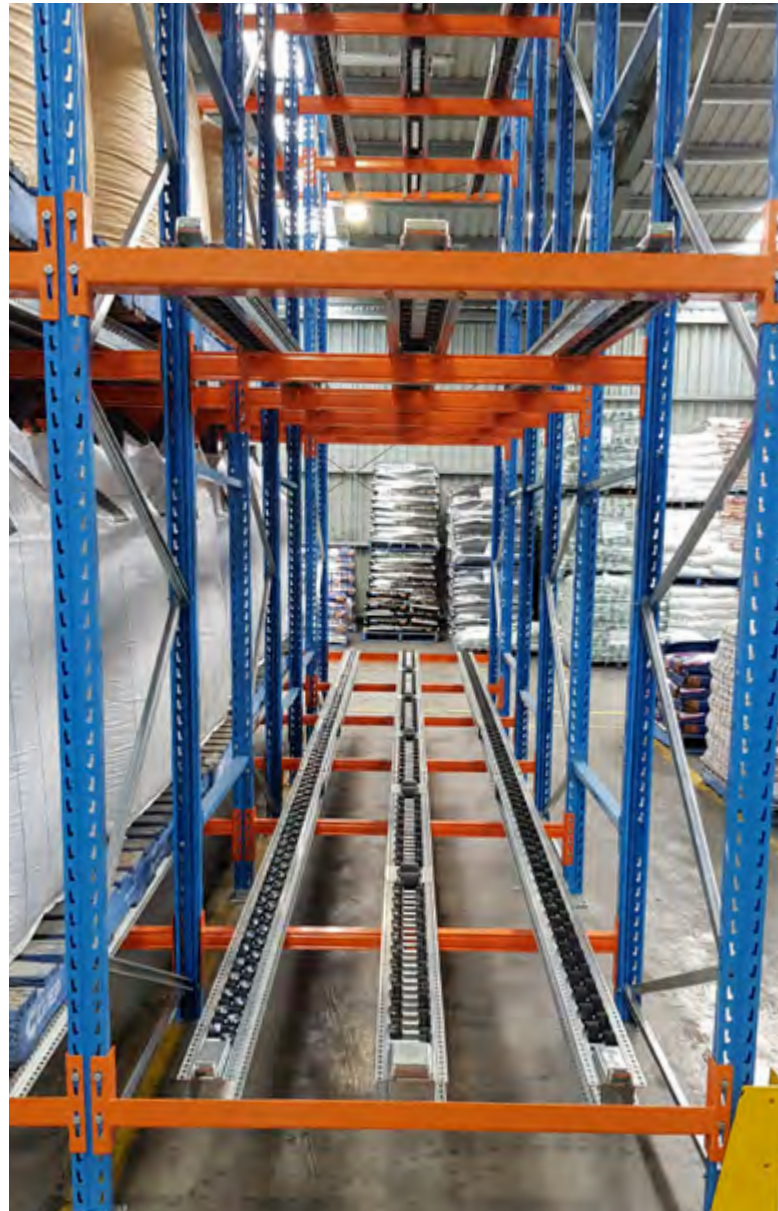

- Heavy-duty selective pallet racking
- Dangerous goods cages around their racking
- Pallet live racking systems
- Safety Inspections

Results

The end result is a highly efficient, multi-facility warehouse system that's aligned to Ridley's requirements.

The Pakenham Pallet Live system was a first for Ridley and is now held as the benchmark storage solution for the company's warehouses going forward.
