Client: Michellin
Tyre racks

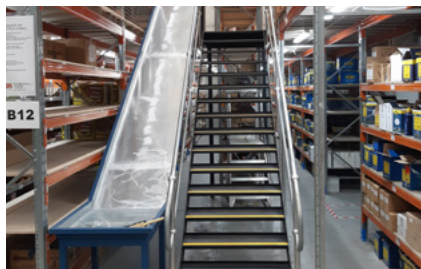

Client: Jefferson Ford
Small parts locations

Client: Barry Bourke
High density cabinets with wiper storage

Client: Audi
Hanging part storage

Client: Whites Powersports
Chutes

Client: NGP Group
Driver pickup bays

**And of course our full range of racking, shelving,
mezzanine floors and workshop equipment is also available.**

Pallet Racking

Designed in Belgium, the stow racking system is ideal for automotive dealership storage requirements.

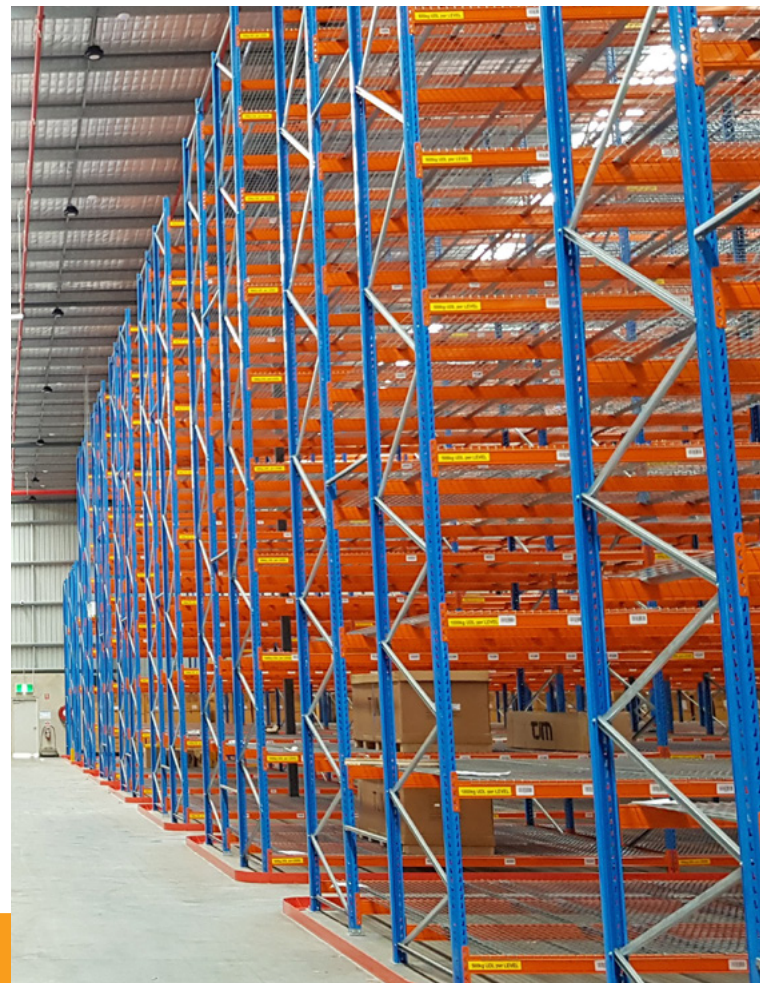

All components have been thoroughly tested in specialised labs to determine their mechanical properties. These are used to calculate the safe load capacity of each component and ensure that they meet the stringent requirements of the FEM code for pallet racking.

Features & Benefits

- ✓ **Complies with European FEM regulations**
- ✓ **Complies with Australian standard AS4084:2012**
- ✓ **Wide range of modular components for all pallet sizes & weights**
- ✓ **Wide range of accessories to meet specific dealership needs**
- ✓ **Quality assured under ISO 9001 management systems**

Common Dealership Applications

- Tub Liners
- Reinforcement bars
- Headlights
- Radiator panels
- Boot flaps
- Mouldings
- Doors
- Guard liners
- Break disks
- Front grills
- Bumper bars
- Window screens
- Larger box's
- Floor Mats
- Oils/Fluids

Shelving

A versatile and innovative storage solution, the shelving system increases capacity in your spare parts storage area by maximising available area and height.

The shelving offers the benefits of rapid and easy assembly and good stability, all combined with high load capabilities.

Features & Benefits

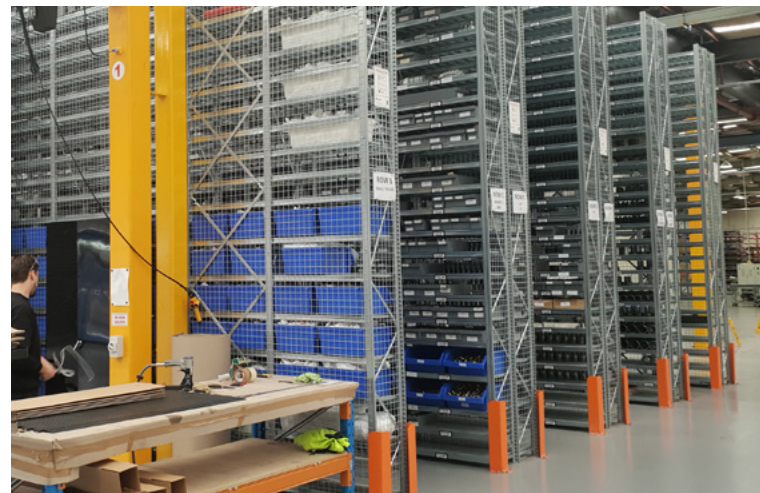

- ✓ **Made from certified, high tensile steel with sendzimir lead-free galvanising**
- ✓ **A boltless, modular shelving system for a vast range of applications**
- ✓ **Has a wide range of unique accessories for increased storage efficiency**
- ✓ **Can be used to create two-tier and mobile shelving modules**

Common Dealership Applications

- High density parts storage
- Tools storage
- Tyres storage
- Headlights
- Oils
- Wiper Blades
- Small Boxes
- Filters

Michelin Tyres

Cross Hydraulics

Mezzanine Floors

Customised to meet your dealership's specific requirements, a mezzanine floor can significantly increase your storage area by utilising overhead warehouse space...

Depending on your needs and warehouse configuration, we can assist you with a structural steel, rack based or longspan based mezzanine floor.

We'll manage the building permit and compliance requirements for you, so you can concentrate on what you do best.

2 Tier Shelving

- ✓ Ideally suited for small parts storage
- ✓ Wide range of accessories to further enhance effectiveness
- ✓ Cost effective warehouse storage solution

Wacker Neuson

Rack Based

- ✓ Ideal for hanging parts (ie windscreens) and small parts
- ✓ Can include stairs, handrails, pallet loading gates and safety signage
- ✓ Fire protection systems can be incorporated

White's Powersports

Structural Steel

- ✓ Can be installed over existing equipment
- ✓ Provides cost effective warehouse storage space
- ✓ Save money and increase productivity

Bearing Wholesalers

Workbenches

Heavy-duty workbenches help you optimise performance in your parts store by providing efficient, multi-functional storage solutions.

Mobile Tool Trolleys

The mobile tool cart station is a feature packed, multifunctional product, combining tool storage, small parts storage and a durable work surface.

Workshop Equipment

Our range of heavy-duty workshop equipment assists you maximise space and bring order to your parts store.

We stock the extensive range of Boscotek workshop equipment, which is manufactured in Australia, and has earned a reputation over 30 years for quality, durability and reliability.

Wacker Neuson

Small Parts Binning Storage

Our range of storage bins and hanging racks are ideal for parts storage. Bins can be stacked, hung off louvred panels or stored on shelves.

Jefferson ford

High Density Cabinets

High density storage cabinets eliminate wasted space using configurable drawers and compartments. This enables storage for a large volume of items in a small footprint.

Bowen Storage

Your trusted advisor for all storage applications. We invite you to draw on our wealth of experience and expertise at the next available opportunity, to enhance productivity for profitability.
